SUMMARY

Motivated Construction Technology undergraduate interested in engineering, practical solutions, and continuous learning. Experienced in Arduino, hardware prototyping, and practical technical projects, with a strong interest in developing skills in the construction and engineering field.

EDUCATION

B.Tech. (Hons) in Construction Technology — **Present**
Wayamba University of Sri Lanka

Diploma in English Language and Literature — **Jul 2022 – Jun 2026**
Aquinas College of Higher Studies

G.C.E. Advanced Level (Engineering Technology Stream) — **2023 – 2024**
Lumbini College, Colombo

G.C.E. Ordinary Level — **2016 – 2023**
Susamayawardhana College, Colombo

WORK EXPERIENCE

Accounts Assistant — **Feb 2025 – May 2026**
ECU Worldwide Lanka (Pvt) Ltd (Freight Forwarding)

- Managed daily freight accounting operations, financial records, and IT system data integrity under strict deadlines and also handled container deposit requests, documentation verification, and timely refund processing while assisting in audits.

PROJECTS

- Designed, simulated in Tinkercad, and physically assembled an Arduino water management system using an HC-SR04 ultrasonic sensor and relay module for automated pump control, real-time LCD monitoring, and overflow prevention.

SKILLS & EXTRACURRICULAR ACTIVITIES

- **Leadership & School Activities**: Served as Senior Prefect at Susamayawardhana College, managing events and student discipline; active Senior Member of the Western Band & Orchestra and member of the school Swimming Team.
- **IT & Technical Skills:** Tinkercad, Arduino, Hardware Prototyping, MS Office / Accounting Software, Data Integrity & Analysis
